EXPERIENCE

SDE Intern
InfoEdge - Naukri

📅 Jan 2025 – Jun 2025   📍 Noida,Uttar Pradesh

- Updated and optimized UTM parameters in widgets across Resume Maker and Resume Analyzer pages to improve tracking accuracy, ensuring correct attribution for user interactions.
- Enhanced the accordion section in a React-based website by adding four new items, ensuring proper state management, seamless UI/UX integration, and maintaining responsiveness.
- Developed an A/B testing mechanism to show two different widgets to users in a 50-50 split, ensuring consistent variant assignment per session and integrating analytics tracking for performance comparison.
- Added four new paid resume templates to the resume-template library, enabling users to dynamically render resumes based on selected templates while enforcing access control for paid users.

PROJECTS

Budget Buddy

- **Github** | **Deployed**
- Budget Buddy is an expense management web app enabling users to do all the CRUD opertaions namely create,read,update,delete payments for managing their expenses.
- Developed frontend with React.js, Bootstrap; managed forms with Ant Design and Axios.
- Implemented analytics section showing debited and credited payments
- Created different Routes and managed MongoDB interactions with Mongoose.
- Built transaction model, filtering, and protected routes features.

ACHIEVEMENTS
